Bury GP Federation is seeking an experienced and motivated Advanced Clinical Practitioner (ACP) to lead our Acute Visiting Service (AVS) team across the Bury Primary Care Networks. This is an exciting opportunity for a senior clinician to combine advanced clinical practice, leadership, education, and service development in a dynamic and supportive environment.

You will play a key role in shaping the delivery of high-quality, responsive care to patients in their own homes and local communities. As the AVS Team Lead, you will manage and mentor a growing multidisciplinary team, support the professional development of colleagues, and drive continuous improvement across the service.

You will be joining Bury GP Federation which is a collaborative, GP-led organisation committed to innovation, quality, and supporting our workforce to thrive. We aim to create a healthier future for our patient population.

Main duties of the job

- Provide autonomous, high-quality clinical care including same-day and scheduled consultations, home visits, and specialist clinics.
- Lead, support and manage the AVS team, undertaking appraisals and supporting ongoing professional development.
- Represent Bury GP Federation at locality and regional meetings, promoting collaboration across the health and care system.
- Deliver clinical supervision and act as a prescribing or clinical supervisor for trainee ACPS and other clinicians.
- Lead on service development, governance, and quality improvement projects.
- Support research, audit, and evaluation activities within the service.
- Promote equality, diversity, and inclusion in all aspects of practice.

About us

Bury GP Federation represents 23 GP practices across Bury, Greater Manchester. We work collaboratively to strengthen local general practice, share expertise, and deliver high-quality services at scale. Bury GP Federation is committed to providing a wide range of services based on the needs of our local population, reducing the pressure on GP practices, and generating income for practices for reinvestment in healthcare. Our goal is to ensure that

primary care in Bury remains sustainable, innovative, and responsive to the needs of our local population.

Bury GP Federation's core objectives are to:

- Be a reliable support organisation, helping practices work efficiently and collaboratively.
- Be a respected service provider, delivering at-scale, patient-focused care closer to home.
- Be a GP-led, patient-centred partner, working across health and social care systems.
- Be a trusted voice for primary care, representing and supporting practices locally and regionally.
